

Muskegon Lakeshore Talent Recruitment Tour

Are you trying to recruit executive or skilled talent from outside the area? Your chamber is now offering customized community tours upon request.

HOW IT WORKS

Step 1: Our community specialist Sue Carpenter will conduct a brief interview or survey with you or your prospective employee about lifestyle activities of interest to them and/or their family.

These topics include:

- Recreational Opportunities
- Arts and Culture
- Education
- Children's Activities
- And More!

Step 2: Sue will drive your prospective employee (and their family) around, showing off our area's best assets that are of interest to them! The tour takes one to two hours depending on their lifestyle interests. It can include stops at yacht clubs, golf courses, public or private schools etc.

Cost:

\$125/per tour (available to Chamber members only)

This covers the cost of planning, automobile/gas, staff time and refreshments. Several members will receive a complimentary tour as part of their membership. Contact Sue to see if your membership qualifies for a free tour.

BOOK YOUR TOUR

To learn more or schedule a tour for a potential employee, contact Sue at 231-722-3751 or email scarpenter@muskegon.org

MEET YOUR TOUR GUIDE

SUE CARPENTER

Sue and her husband were transferred quite often in the early years of their marriage. Because of this, Sue is very sensitive to what it takes to relocate to a new community. She has lived in eight different states and understands first-hand what is great about West Michigan.

"After doing our own research on the cost of living, educational opportunities and recreation, we decided that the Muskegon Lakeshore is the best place to raise an active family and for our parents to retire. We jumped at the opportunity to relocate to this beautiful area and have now lived here for 10 years. I am confident your prospects will discover this truly is the best place to live, work and play!"
